

TEAM MANAGER TECHNICAL MEETING MINUTES

SATURDAY 17 AUGUST 2024

Opening of the meeting by Michael Serralta, WMA Competition Director

No written questions today. There were not many problems on Thursday.

Alan Bell, WMA's vice president Competition: so much happened in the Björlanda Stadium on Thursday: eleven field events at the same time. Everything went well.

Questions:

FIN: can we take out a relay team from competition, without being excluded from a next event? This is possible; there is no 'black list'.

Two hours before the start you can add substitute athletes (only the ones who were on the list already) and you have to confirm two hours before any changes in the running order.

AUS: can 'new' athletes be added (because the timetable was so late, some athletes cannot combine the relay with their personal event)? No, no 'new' athletes can be added.

In case of an injury an athlete can be replaced (only by an athlete on the list).

MEX: it was not possible to indicate a Race Walk composed team online (before 17.00).

Archie Jenkins, WMA Competition Director Non-Stadia:

presentation 10K road Races (Sunday 18th August). Will be send to all TMs by App.

There will be more than 1.000 competitors. Luggage will be moved from the start location to the finish location. Athletes get two bib numbers: the one on the front must be the one with the chip. There is a difference of 10 minutes between the start of the men (13.00) and that of the women. (13.10).

ROM: will there be printed results? No, the results can only be found online.

The composed teams were not shown on the website. Roster Team will take care of that as soon as possible.

Eva-Lena Frick: relay training at the track went well; everyone sticked to the rules. Thank you!

There are still poles missing; please ask your athletes to bring them back.

More then 250 relay teams are registered. It would help a lot if people wrote clearly and legibly!

AUS: athletes are not happy about the cost they have to pay for live stream.

Anders Mattsson (LOC) explains: it is very expensive to have a live stream; in fact, LOC pays 50% of the costs and the users pay the remaining 50%. The alternative would have been: no live stream. This live stream is more professional than before.

The minutes of the daily Team Managers Meeting can be found at:

WMAC2024/in the link in the footer of the front page: Team Managers/Team Manager Technical Meeting Minutes

Next Team Managers Meeting: Sunday 18 August at 9:00 am.
