- **Entrance from Callroom to the event**

Referees in field events are responsible for taking athletes from Callroom to the infield. Athletes in running events are taken to the start by Callroom volunteers.

- **Exit of athletes**

Referees for each field event are responsible for making sure that the athletes are informed on how to exit the arena. Marked **EXIT** on the maps below.

Slottsskogsvallen: Through mixed zone, right after the finish line.

Björlandavallen: Efter mållinjen för löpning & hopp. En i kurvan vid kula/kastring för kastarna.

- **Digital results and manual score sheets in each field event**

Results will be entered through our iPads in Roster Athletics Meet Mgmt app.

[Meet Mgmt app Apple](#) ("Roster Athletics: Meet Mgmt" in App-Store)

[Meet Mgmt app Android](#) ("Roster Athletics: Meet Mgmt" in Google Play)

The manual score sheets are handed back to the secretary signed by the referee as soon as possible after each event. When the referee has confirmed the results, they are marked as finished.

Please read the English guide under "[Digital resultatrapportering](#)" (will be published soon) and look at the two videos. It is more tricky in field events with Pools (except HJ/PV), so please read carefully, so as many as possible knows how it's done.

We have volunteers for each event that should enter results but it's good if you IVO:s also know how it is done if there are any issues.

- **Warnings & disqualifications**

The referee of each event is deciding on warnings and/or DQs.

In field events the one entering results (manually and digitally) report a DQ (Status: DQ). Specific rule for the DQ is written on the score sheet.

In running events the DQs and warnings are set by the Photo Finish officials.

Specific DQ-rules and warnings digitally are set from a computer, so: The referee contacts firsthand Roster support on site and secondhand the secretary on the arena for help. Please be aware that if a warning should follow the athlete also across other events, be clear on that to the Roster support or secretary as that must be set as a public note on each event.

- **Protests & appeals**

Protests can be reported to the referee by the athlete on site. Appeals against the referees decision should be handed to TIC i Friidrottens Hus within an hour after the results were marked finished. On Björlanda and Ullevi, appeals can be handed in to the secretary (Competition Office) for registration and then the secretary will send it to TIC in Friidrottens Hus.

- **Swedish volunteers**

We have a mix of both experienced and completely new volunteers with no experience. Everyone will be needed but please be aware about this when communicating with them. We will most likely also have a good number of volunteers most days, but on other days, especially on Björlandavallen, there is a risk that we will have less volunteers than ideal.

- **[Swedish Athletics terms](#)**

Please take a look to make the communication easier on site and also to understand some of the documents that will be handed to you.

- **Radio communication**

Field events will not use radios. Radios will be handed out from the secretary and should be handed back after each day.

Following will have 1 radio each on canal 1:

- Photo Finish
- Calling
- Starters
- Running referee

- **Cleaning up**

After each event is done, everyone helps each other out to take back the equipment that you took to the event. Chairs and desks can be left at the event.

Note: iPads must be handed back to the secretary (Competition Office) after each day.

- **International rule book**
